

# Questionnaire

As your wedding gets closer I just need a few details from you to help your day run as smoothly as possible.

# Itinerary

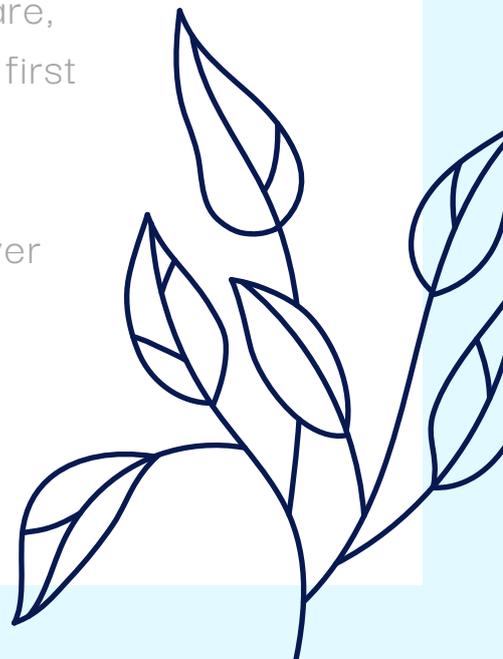

Please use the next page to provide a full and detailed itinerary for your day (applicable to the coverage in accordance with the package you have booked).

Please include as much detail as possible including specific timings and full addresses (including postcodes) for any locations I am required to be at. This may include the address you are getting ready at, your ceremony venue, and reception venue (if different).

You can include things like what time your hair and make-up is arriving, what time the speeches are, and the time scheduled for your cake cutting and first dance etc.

If your package includes prep coverage, I will cover approximately two hours of prep before your ceremony (excluding travel time).

The more detail the better!

# Group Photos

Group photos may not be the most relaxed or fun ones to have taken, but they are the ones likely to go on your Mum's mantle!

On the following pages please provide a list of the group shots that are most important to you.

These are the 'formal' ones that will be taken after your ceremony. Where possible please allow at least 30 minutes for group shots, as it can be difficult to gather guests who are busy having an amazing time!

I strongly recommend keeping this list short and sweet as they can be time consuming, and your guests will really just want to congratulate you and have a good time.

If you are unsure where to start, here is an example of a set of group shots I would do. (Of course this list isn't exhaustive or a one size fits all! Every family is different.)

Bride & bridesmaids

Groom & groomsmen

Bride, groom , bridesmaids and groomsmen

Bride, Groom & brides parents

Bride, groom & brides family

Bride, Groom & grooms parents

Bride, Groom & grooms family

Bride, groom & both parents

Bride, groom and both families

One big group shot with everyone

I will bring your list with me, however it is a good idea to give a copy of your list to a trusted guest (perhaps a bridesmaid or groosman) as they will know who your guests are and be able to assist me in rounding up your guests.

Please use first names and include everybody you would like (including yourselves!) in a clear list of group shots.

And now just a couple of questions:

- Is there anywhere in particular you would like your group shots taken? (don't worry if you're unsure - i'd be happy to make suggestions!)
  
- If the weather is inclement (extremely cold and/or raining, and we are unable to do them outside), where will you have your group shots taken? (You may need to confer with your venue about a suitable indoor space)

# USB's
